Education

BSc Product Design and Technology, 2:1   2019-23
Loughborough University

Modules studied include: User Centred Design, Applications of Mechanics and Electronics, Design and Manufacturing Technologies, Design Research, User Experience Design.

Work Experience

Creative Designer   2021-22
theUp.co

In-house designer for a start-up in the hospitality industry. Creating graphic design for social media and print, video editing, creating and animating vector images, testing and prototyping products to work alongside existing hardware, creating website pages and micro sites.

Student Ambassador   2019-23
Loughborough University

Representing the Loughborough Design School by being helpful and approachable. Promoting the school and wider university to prospective students and parents, carrying out guided tours.

Volunteer   2022
London Design Festival

Supporting the operation of the London Design Festival by stewarding, wayfinding, and event ticketing. Being proactive and efficient to ensure smooth running of the festival and a positive experience for visitors.

Additional Experience

Media, Marketing and Digital Representative   2022-23
Feminist Society, Loughborough Students' Union

Running the Feminist Society's social media channels. Creating social posts and stories to boost engagement, promoting events, creating icons used for instagram highlights, designing and printing leaflets and posters for fairs and bazaars, designing and maintaining a consistent brand language.

Design School President   2020-21
Loughborough Students' Union

Managing a team of programme representatives across multiple year groups and design courses, helping articulate problems and push for improvement. Liaising with senior staff to represent students and improve their experience. Working in a university- wide team of presidents to ensure student needs are met.
